THE RELIEF FUND.

The dilatoriness of the Northwest Legislature in paying over the relief money is inexcusable, and we trust the Executive may be able to give some good and cogent reason for the tedious and aggravating delay which has taken place in paying the monies due to those who were employed on the works organized for the relief of the suffering settlers in this district. It is now *two months* since the work was completed, and we were told that the money was on hand and would be paid as soon as it was earned. Why has this not been done? Is it through carelessness or inattention, or a want of sympathy for those who have the wolf at the door, on whose behalf the work was organized? In the name of humanity let us hope not. Or is it through the inability to get through the work in the time? If the latter is the case, the sooner more efficient and expeditious services are secured the better for the country. Could not the overworked (?) clerks at least spare one hour more per day of their valuable time and remain at their desks until 5 o'clock instead of leaving at four, as is now the practice, we are informed, in order to help along this really charitable work? They would surely stand the extra strain for a short period. As the matter now stands, the state of the people who have spent their time at this work, thereby neglecting whatever other means might be at their disposal of earning a subsistence for their families, is much worse than if they had never received this as yet unremunerated employment. It was harrowing in the extreme to view the number of people who, on Saturday last, approached our post office wicket with hopeful and expectant faces, go dejectedly away. How many hungry mouths might have been filled; how many mothers and children might have been made happy; how many homes might have been brightened, at this, as it should be, gladsome season, had a little kindly forethought been exercised on the part of the Legislature? We are informed that the settlers around Strassburg have been paid their allotted sum long ago, and they have not and cannot possibly do anything to earn it before spring. There are two kinds of bad pay—those who pay in advance, and those who do not pay at all. It seems as if the Executive wished to illustrate both these qualities on the present occasion.

Christmas.

A dull Christmas is an excellent indication of the stringency of the times, and Christmas in Qu'Appelle has this year been one of the dullest in our recollection; during the day to see more than one or two on the streets at the same time was the exception to the rule. Service was held in the Pro-Cathedral in the morning and at midday. Curling was indulged in to a considerable extent. Several good games were played, and in fact the rink was the only centre of excitement discoverable. Excellent bills of fare were provided by both hotels, in their well known first class style, and lest anyone should be at all doubtful on this matter, we append the menus:

The Christmas Tree in connection with the Methodist Sunday School, held in the Public Hall in the evening, was a most pronounced success, the building was filled to its utmost capacity, which must have been most gratifying to the promoters. The Christmas Cantata, Santa Claus' Dream, was performed in a highly commendable manner by the Sunday School children, which gave evidence of careful and assiduous practice, both on the part of the performers and their instructors. The part of Santa Claus was ably undertaken by Mr. Podham, who succeeded in working his way into favor with the juveniles. The entertainment wound up with the distribution of the prizes from off the Christmas Tree, and judging from the many smiling faces, all were satisfied. The singing of God Save the Queen by the audience brought the amusement to a close.

The entertainment in connection with the Presbyterian Sunday School took place in the Public Hall on Wednesday night. The hall was comfortably filled. The entertainment consisted of choruses, songs and dialogues, and was an immense success; we do not remember to have ever seen anything of the sort carried through so well, it certainly eclipsed all previous efforts. Although it is hardly fair to criticise anything of the sort, yet we cannot refrain from mentioning several of the items that struck us as being especially noticeable, viz.: The Shakers, the Chatter-box, the Doctor and the Irishman; Taking of the Census and the caricaturing of the tendency of many clergymen to exaggerate, portrayed by Messrs. Johnston and McAllister. Of course the inimicable Jones was to the fore, and carried though his specialties in his well known finished style. Those who have spared neither time or trouble in arranging and bringing the affair to such a successful issue are to be congratulated. The distributing of the gifts from the tree to the little ones by Santa Claus, sent everyone home contented.

WARD MEETINGS

McLEAN.

A largely attended meeting was held in McLean school house, at 2 p. m., on Tuesday, the 18th inst., Mr. J. Pratt in the chair.

Messrs. Heuler and Vicars spoke at considerable length in advocacy of their respective claims for the township for the coming year. Mr. Vicars, on the ground of economy, is in favor of a triennial assessment in place of the present yearly method. Mr. Heuler advocates a yearly one as being far more reliable and far more satisfactory to all parties concerned. Both gentlemen agree that more care should be exercised and greater security should be insisted upon.

Messrs. Smith, Hicks, Johnston, Hall, Stewart, Kidd, Charles Webster and Chapman, candidates for councillors, delivered addresses and expounded their views on various points relating to the municipal government.

Mr. J. Bunn explained the actions of himself and all agents in times past.

Mr. Hawker from Bulgeria, rose and threw much light on the course events.

Considerable time was taken up in discussing the rival claims of those candidates for Ward 3, and there was quite a long and somewhat heated discussion on the expediency of the appointment of Ward 3.

EGG LANE.

On Wednesday, 19th inst., at the same hour, another meeting was held at the house of Mr. A. M. McLean, in Egg Lane.

The meeting was Messrs. Hedley and Vicars in favor and Messrs. Smith, Stephenson, Kidd, Hall and Stewart for non election.

The mode of applying the [illegible] moved improvement and repairs to [illegible] claimed would be advantageous, some change of machinery relative to Ward 3 affairs was published to.

As the building was without a lamp and the Spencerville hall for choruses to be a murky void, darkness compelled the conference to dispense, and the meeting closed with a hearty vote of thanks to Mr. Johnston for the able, courteous and impressive manner in which he discharged the office of the chair.

SPENCERVILLE.

On Tuesday, at 2 p.m., the ratepayers of the district met at the residence of Mr. D. Frazer, S-17-18.

The meeting may be aptly styled a parlor one. Mr. Musgrove ably filled the position of chairman.

The same gentlemen as [illegible] addressed those present, and speeches were listened to from Messrs. Oates, Hicks, Stewart and Kidd. A show of hands was called for for candidates and resulted unanimously in favor of Mr. Oates.

Mr. Patrick Fitzsimon spoke of the desirability of the council digging wells for the settlers who had not done convenient to their homesteads, and also advised that some action should be taken to enforce the herd law as existing in Ward 5.

The meeting closed with a hearty vote of thanks to the worthy chairman.

GRASSMERE.

At the instigation of Mr. J. R. Bann, a large number of the ratepayers of Ward 6 assembled at Grassmere school house at 1 p.m. on Monday last. Mr. R. Ross having been voted to the chair.

Mr. Bann proceeded to give an account of his stewardship for the past four years.

Mr. Hedley and Vicars addressed the meeting in similar terms to those expounded on previous occasions. The chairman then called upon Mr. Webster to explain his views as to the most expedient measure to be adopted by the new council. After hearing and praising his mode of treating the various subjects discussed, an open and unanimous vote was recorded in his favor as candidate for councillor in the interests of that locality.

Mr. Kidd at the request of the chairman, then gave a synopsis of his views upon the the questions at issue, which was received with cordial approbation.

Mr. Oates as an old councillor, again appearing as a candidate for municipal honors, was warmly received and was evidently a general favorite.

Mr. Chapman delivered a few apt and pertinent remarks and Kentish fire was again the order of the day.

After some discussion as to the herd law as now existing, and some proposals as to amendments of these and other by-laws, the proceedings terminated with a hearty vote of thanks to Mr. Bann for his former services in the council, and to Mr. Ross for the the excellent manner in which he filled the chair.

Notes by the Way.

"There's a good many to [illegible] Ann'
An' faith he'll prove 'em."

All young men of whatever station in life should learn the noble art of self defence; a case in point, which I give below, will, I think, fully bear me out in this. A short time ago society in England was much interested in an incident reported from Buckinghamshire, in which the Earl of Orkney was the principal figure. The Earl, it appears, was out walking with the Countess' pet dog, and not some roughs who had a bull terrier which they set on the Countess' pet. The Earl called upon them to desist, which they knowingly refused to do, whereupon he, were for the biggest of them in pugilistic fashion. A ring was formed, and there was a hot fight to a finish. The Earl came off the victor, leaving his opponent in a battered and helpless condition, the Earl coming out of the encounter almost unmarked. He was heartily congratulated the next morning at the meet of the hounds, on his triumph.

A correspondent who signs himself Citizen, informs me that there are about thirty towns in Canada where the ringing of the "Curfew bell" at a certain time at night has been adopted. He suggests that a similar custom might with advantage, he thinks, be carried into effect in our town of Qu'Appelle, as a warning to young people that the time has arrived when propriety would suggest the shelter of the parental roof. As my readers are doubtless aware, the word Curfew comes from the French, "Couvre feu," and originated in the reign of William the Conqueror; the covering up or putting out of fires and other lights at a certain time of night having been done as a precautionary measure against an invading of advancing foe.

How the ringing of a bell would be appreciated here in Qu'Appelle at a time when young men's fancy lightly turns to thoughts of love, it is difficult to say. The ringing would probably [illegible] a number of ladies and beaux, and Cupid's flame might lead them on to the utter disregard of the Curfew, but of course this is only a surmise of mine, and Cupid, like a dear, good Little boy as he is, might lead his love-sick votaries to where prudence and duty would suggest they should be after dark—at home.

Oh, have you seen the lady?

I have heard men say, as though they were in the confidence of the Great Unseen, "Ah, well, Providence will look after me and see that I have everything all right." What pitiable presumption, what downright sacrilege indeed. Those who stroll about with their hands in their pockets and fondly believe that Providence will feed and clothe and keep a roof over their heads, will find they are badly left. Providence helps those who help themselves.

Narrow Escape.

Constable Schabb had a narrow escape the other day, while hunting for the goods which were stolen from a store at Millwood. He and a comrade found a disused well hidden away under a straw stack, and thinking it a place where booty could easily be hidden, they began a search, with sticks they poked about in the straw which had apparently been put in the well to hide something, but failing to discover the swag by this means, Schabb let himself down the well intending to make a closer investigation. He got down with the help of the other constable, and no sooner had his feet touched the frozen straw than it gave way, and Const. Schabb was floundering in 20 feet of water. By good luck he managed to catch hold of the stick his companion held, and by the same means to pull himself on to terra firma. It was a narrow escape, as had his head once gone beneath the frozen straw, he would probably have never come out alive. We have not heard that the stolen goods were in the well, but if so they will have to be dived for, and Constable Schabb is not hankering for the job.—Whitewood Herald.

Bad Accident.

Mr. Milton McConnell, of Shepard, says the Calgary Herald, while riding after some cattle on Saturday met with a serious accident, his horse stepping in a badger hole and throwing him, smashing his leg so badly that he may lose it altogether. The patient was brought into the hospital, where he is now receiving attention. His leg had been broken some years ago, which makes the present fracture all the more serious.

The condition of Lord Randolph Churchill is worse. He has prolonged periods of coma.

—The German embargo on cattle will not be revoked.

THE NEW SYSTEM.

To the Editor of The Progress.

Sir,—I find that the principal, if not the only objection expressed with regard to the new system of electing the councillors, is that in the event of the removal by death or otherwise of one of the members, the expenses of a general election to fill the unexpired term would be entailed upon the municipality.

Some have argued that the vacancy might remain unfilled until the end of the fiscal year; but this would, with some reason, be objected to by the ratepayers residing in the district left unrepresented.

I would suggest that the present council hold an emergency meeting (if necessary) and take immediate steps to arrange matters so that the ratepayers may, when voting for the Reeve and six councillors, record a vote for a deputy or vice-councillor, who would, in case of a vacancy, step into the position of the one removed and fulfil his duties for the remainder of the term. Or it might be so managed that the candidate standing next in point of votes to the first six might be put in the position, and failing him, the next highest, and so on.

If there is not at present the necessary legislation for this, it could still be voted on, and the necessary change in the ordinance procured on the assembly of the House; and even if it was not procured, which is most unlikely, we would be in no worse state than we are at present.

I think this is a matter of the utmost importance to us as a municipality, and nothing should be left undone to simplify the system of elections, and prevent useless expenses, which we can ill afford at the present state of the country; and I will thank you, Mr. Editor, to give the subject the benefit of your well known acumen and sound judgment.

I find that there are some misapprehensions with regard to the disposal of the votes for reeve and councillors, which, if not corrected, may result in the spoiling of a good many ballot papers. Doubtless full instructions will be printed and posted up in the various polling stations, but these may not be noticed or read by all, and a word in season may not be out of place.

Many people are of opinion that they can apply more than one vote in favor of a particular candidate. This is not the case. One vote, and one vote only, can be recorded for one candidate as reeve and one vote for one of any six councillors the voter may select as in his opinion best suited for the office.

I have also been asked the meaning of a "plumper," which is a vote given to a single candidate when more than one are to be elected. I am, respectfully yours,

HUGH KIDD.

South Qu'Appelle Agricultural Society.

Minutes of a directors meeting of the South Qu'Appelle Agricultural Society, held on Saturday, the 22nd inst.

Minutes of last meeting read and adopted.

Re communication from R. B. Gordon, secretary to Lieut.-Governor, Mr. Henley suggested that owing to the early date at which the Industrial Exhibition is to be in Regina, that there will be very little at that date to show. Mr Bulyea made a suggestion.

Henley—Bulyea—That in view of the failure of the crops this season, the directors of this society would suggest that to enable us to materially assist the Territorial Exhibition, would be to hold it at as late a date as would be consistent. Carried.

Henley—Fraser—That owing to the failure of crops this year, it is the opinion of this meeting that the Territorial Exhibition be held on a date to be fixed not earlier than the last week in September, in order to allow the province of 1895 to be exhibited. Carried.

Fraser—Whiting—That the Secretary be authorized by the society to put a notice in the next issue of the paper that applications for seed grain will be received by him either by person or letter up to the 7th January, 1895, applicants to state Sec., Tp. and Range, number of acres under cultivation and quantity of wheat, oats and barley required. Carried.

Bunn—Bell—That the Secretary be paid the usual salary, and an additional ten dollars for extras in connection with the creamery. Carried.

The meeting then adjourned.

The Markets.

Wheat—The strong bullish tendency continues in the local market. In fact this is about the most bullish market in the world at the present time. Prices paid to farmers in Manitoba country markets now show an advance altogether of 12 to 15c per bushel. This bullish wave is purely speculative, and it is hard to find legitimate reason for such an advance as has been forced here. No shipping business is of course doing, as we are locked in for the winter, and the only reasonable reason for the advance in prices is the belief that by the time navigation opens next spring prices will have advanced to such an extent as to admit of the sale of held wheat at a profit. Prices to farmers in Manitoba markets have ranged all the way from 45 to 60c per bushel, the ruling prices being from 50 to 55c for No. 1 hard.

Flour—A telegram from Montreal said Manitoba flour had been advanced 25c there by one of the largest millers. Sales to local trade by millers are made at $3.65 patents, and $3.85 bakers, delivered, with large lots at 5c under these figures.

Butter—Market very dull. Good to choice dairy tubs 15 to 16c, round lots 10 to 12c for mixed country.

Cheese—Jobbers quote 11 to 11½c.

Eggs—Limed are now being offered at 17c, and held fresh stock at 16 to 20c as to quality.

Lard—We quote pure, $1.90 for 20-pound pails and $4.65 to 50 pound pails; comp'nd at $1.75 per 20 pound pail; compound in 3 and 5 pound tins, $6 per case of 60 pounds. Pure leaf lard in 3, 5 and 10 pound tins, quoted at $6.75 per case of 60 pounds.

Poultry—Prices are lower at 9 to 11c for turkeys dressed, per pound. Ducks, dressed, 8c. lb; geese 7 to 8c. Chickens, 6 to 7c.

Hay—Loose hay on the street market is selling at about $4 per ton; baled hay, $4 to $4.50 per ton.

Live stock—Cattle are low for this time of year considering the length of time good cattle have been fed. Some very good cattle have been obtained at a cost of about 3c here. No sheep appear to be wanted, the market being supplied with country mutton. Sheep nominal at about $2.25 per 100 lbs. Hogs easy at 3½ to 3¾c as to quality.—*Commercial.*

To the Electors of the Municipality of South Qu'Appelle:

GENTLEMEN,—As there have been some erroneous statements made in regard to the favored candidate for the McLean Pic nic, I publish the above list of ratepayers at whose urgent request I have come forward to represent them in the coming council, I hereby pledge myself, if elected, to serve the municipality honestly, truthfully and economically in all business matters pertaining to the same.

Gentlemen, kindly soliciting your esteemed patronage, with all due respect,

I am, yours faithfully,

WM. STEWART,
10tf McLean Station.

TO THE RATEPAYERS

OF THE MUNICIPALITY OF

SOUTH : QU'APPELLE.

GENTLEMEN—I have been asked by many ratepayers in my own and other districts to offer myself as a candidate at the forthcoming election for the Municipal Council. I have decided to do so, and should you see fit to elect me, my aim will be to keep the taxes as low as possible, to advocate a careful expenditure of the public money, and to look after your interests that at the end of the year there will be no hesitation on your part about re-electing me for 1896.

I will see as many of you as possible and explain my views more fully. At the same time, in case I should not be able to see you all, I can now assure you that when you go to your district polling station and VOTE FOR ME, you can rely on your interests being as well looked after in the council as if you were each present there in person.

I am, respectfully yours,

10tf WM. CHAPMAN.

Municipal Elections.

To Hugh Kidd, Esq.:

We, the undersigned ratepayers of the Municipality of South Qu'Appelle, believing you to be a fit and proper person to represent our interests in council, have much pleasure in requesting you to accept our nomination for a seat on the council board for the ensuing year; and in the event of your acceptance, we promise to use our best interests to ensure your election.

Chas. Geo. Burghall,	John Crooks,
H. Jensen,	F. W. Molineux.

To the Electors of the Municipality of South Qu'Appelle:

Ladies and Gentlemen—In response to the above address (for which I beg to thank my numerous friends), I have, after careful consideration, consented to allow myself to be nominated as a candidate for one of your councillors for the coming year.

I am of opinion that it should be the duty and pleasure of your representatives to use every endeavor to further the best interests of the municipality in its entirety—to show no undue partiality to any particular locality; to heartily co-operate with each other in all matters affecting the general good, and to see that you have an adequate return for every cent of expenditure. Your rates would thus represent the purchase money of benefits received rather than a tax for which no value is returned.

Should you honor me with your confidence the carrying out of these principles shall be my special study, and I pledge myself to serve you to the best of my ability.

Most respectfully yours,

HUGH KIDD.

Qu'Appelle, Dec. 5. 8tf

TO THE ELECTORS OF THE MUNICIPALITY OF SOUTH QU'APPELLE.

LADIES AND GENTLEMEN—The time for the Municipal Elections is drawing near, and having been requested by a large number of the ratepayers of the district to come forward as a candidate for the position of councillor, I have consented to offer you my services.

In the case of being elected, I will endeavor by my vote in the council to keep down the taxes to the lowest possible limit.

I am also in favor of the statute labor on our roads being continued, and any monies granted for the improvement of our public roads I will see are properly laid out and equitably distributed throughout the municipality.

At present I am in favor of the old road system being re-established unless great advantages accrue from the present system, so that each community can choose their local man to represent them.

I therefore take this opportunity of asking you for your vote and interest. I will call on all of you as far as I can, but as it will not be possible to get around in the time, I trust no offence will be taken.

I am, Ladies and Gentlemen,

Your obedient servant,

9-tf CHARLES HILL.

TO THE ELECTORS

OF THE MUNICIPALITY OF

South : Qu'Appelle.

GENTLEMEN—At the request of a number of yourselves, I am now in the field as a candidate for the position of reeve of your municipality.

It will be impossible for me to see you all personally, but I may here briefly explain my views on municipal affairs:

I am in favor of keeping our taxes down to the lowest possible point and depending on our statute labor and grants from the Northwest Government for the improvement of our public roads.

I believe that since the abolition of the ward system, both reeve and councillors should consider themselves as representatives of the whole municipality and avoid favoritism to any particular district or party, and if elected I pledge myself to carry out this principle, and discharge the duties devolving on me to the best of my ability, and I hope to your satisfaction.

Soliciting your vote and influence, I have the honor to be, Gentlemen,

Your obedient servant,

WM. HENLEY.

Qu'Appelle Station, Nov. 23, '94.

TO THE ELECTORS

OF THE MUNICIPALITY OF

South : Qu'Appelle

GENTLEMEN—Under the Amended Municipal Ordinance it becomes your duty to elect a Reeve at the beginning of the New Year.

Ratepayers of every section of the municipality believing that the presiding officer of the council should have a practical knowledge of the management of municipal affairs, and knowing that I had served a very necessary apprenticeship of two years in the council, have urged me to come forward as a candidate for the position, and I have consented.

My policy, briefly, is retrenchment in every possible way, and my past municipal record is a guarantee of my future conduct in this respect.

The ward system, on the whole, worked very satisfactorily with us in the past, and unless the coming year's test of the new system shall disclose advantages (not now apparent to me) that are in proportion to the additional expense entailed on the district by the change, I would be in favor of petitioning the Northwest Assembly to allow us the privilege of re-adopting the old system in the interests of economy and representation.

Gentlemen, confidently soliciting your support,

I remain your obedient servant,

W. G. VICARS.

TWO-THIRDS

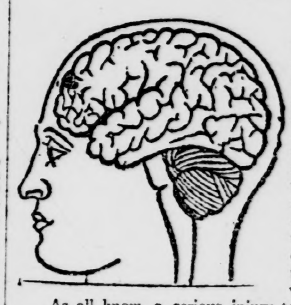
OF ALL

OUR DISEASES & AILMENTS

ARE CAUSED BY

DERANGED NERVE CENTRES

AT THE BASE OF THE BRAIN.



LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of THE GREAT SOUTH AMERICAN NERVINE TONIC AND STOMACH AND LIVER CURE has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain, and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord will at once cause **Paralysis** of the body below the injured part; it therefore will be equally well understood how the derangement of the nerve centres will cause the derangement of the different organs of the body which they supply with **Nerve Fluid or Nerve Force.**

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is, indeed, a veritable **Nerve Food** and **WILL RELIEVE IN ONE DAY** the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Nine-tenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder, and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

In Bed Six Years

FROM NERVOUS PROSTRATION

HARTFORD CITY, Blackford Co., Indiana, June 8, '93.
South American Medicine Co.

GENTLEMEN:—I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVINE, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I would have vomiting spells, and there would be from fifteen to twenty days at a time that I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my folks had an excellent physician from Dayton, Ohio, and two from Columbus, Ohio, to come and see me. They all said I could not live. I got to having spells like spasms, and would be cold and still for a time after each. At last I lost the use of my body—could not rise from my bed or walk a step, and had to be fed like a child; all the time suffering intense pain, and taking almost every known medicine. Part of the time I could rest a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one half bottles, I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt real well. The shaking went away gradually, and I can't eat and sleep good, and my friends could scarcely believe it was I. I am sure this medicine is the best in the world, it was a god send to me, and I believe it saved my life. I give my name and address, so that if any one of you may be interested they can write me, or see myself, or any citizen of Hartford City, Indiana, as I am now forty-one years of age, and expect to live as long as the Lord has use for me after all the good I can do by telling.

Yours truly,
MRS. ELLEN STUART.

The Weekly Nor'-Wester

TILL 1896 FOR $1.00.

The favor with which the Nor'-Wester, as evidenced by the manner in which it has fairly leaped into circulation, has been received, is something almost unprecedented in the world's history of journalism.

"INDEPENDENT—NOT NEUTRAL," is the motto of the Nor'-Wester. It is not the organ of any political party or business enterprise; but is a journal always free to espouse, criticise or condemn the cause or contention of any party or organization—political, commercial or otherwise—as fealty to the Northwest may, upon dispassionate and intelligent consideration, seem to demand.

At the price the Weekly Nor'-Wester is offered to new subscribers—One Dollar from any time hereafter till January 1st, 1896—but the merest fraction over the cost of the white paper used in it is asked. It is the largest Weekly paper published in Canada.

In subscribing, simply write name and post office on a piece of paper and enclose it and ONE DOLLAR in an envelope addressed
